Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The Adventures of Frankie is a collection of six books with teenage kids in mind. But don't write it off just yet, this collection is for adults, too. The stories are quick to read with plenty of memory joggers from your childhood. I wrote these with the intent to entertain, educate, and bring generations together. Sounds like a tall order, but I have a purpose. Reading was difficult for me as a kid in junior high and high school, I guess my brain is not wired for reading. It was so bad that I never intended to go to college. In essence, I felt like the school system left me behind. Thankfully, I did eventually get a bachelor's degree in computer science, but reading is still difficult for me. Sadly, my first son inherited that same affliction; reading for him was difficult as well. I was not about to let him down, he was not going to be left behind! So we practiced, practiced, practiced. If you met him today, you would never know it. That sucker reads and reads and reads, and he really enjoys, enjoys, enjoys! See? There is hope. Through The Adventures of Frankie, I will do my darnedest to help others get to the point where they, too, enjoy the magic of the written word. Each book in this series will consist of ten short stories that stand on their own. Together they paint a bigger picture. Each book centers on a theme with life lessons and plenty of talking points. I envision kids, moms, dads and even grandparents enjoying these stories. The simplified language makes for fast reading while the coming...
