This plateau is traversed by many fairly large rivers and several hundred beautiful mountain streams, tributaries of the Missouri, Mississippi, Arkansas and Red rivers. In some localities are evidences of distinct volcanic disturbances, but in general the Ozark Uplift or Plateau is a great table land cut into smaller comparatively level areas, into hills in places and magnificent fertile valleys in others. Its altitude insures its healthfulness and its natural water supply is the finest on the American continent. Its general trend is from northeast to southwest, having its greatest width near the Missouri and Arkansas state line, tapering off southwesterly into Oklahoma and northerly to the Missouri River several spurs running easterly to the Mississippi River. The...
