

Time Series Analysis (Paperback)

Filesize: 2.81 MB

Reviews

Excellent eBook and helpful one. This can be for all who statte there was not a worthy of studying. You will not feel monotony at at any moment of your respective time (that's what catalogs are for regarding when you request me).

(Princess McCullough)

TIME SERIES ANALYSIS (PAPERBACK)

Springer-Verlag New York Inc., United States, 2010. Paperback. Book Condition: New. 2nd ed. Softcover of orig. ed. 2008. 254 x 178 mm. Language: English . Brand New Book. This book has been developed for a one-semester course usually attended by students in statistics, economics, business, engineering, and quantitative social sciences. A unique feature of this edition is its integration with the R computing environment. Basic applied statistics is assumed through multiple regression. Calculus is assumed only to the extent of minimizing sums of squares but a calculus-based introduction to statistics is necessary for a thorough understanding of some of the theory. Actual time series data drawn from various disciplines are used throughout the book to illustrate the methodology.
