

Green Growth: Political Ideology, Political Economy and Policy Alternatives

By Gareth Dale

Zed Books Ltd. Paperback. Book Condition: new. BRAND NEW, Green Growth: Political Ideology, Political Economy and Policy Alternatives, Gareth Dale, The notion of 'green growth' has become increasingly influential in economics and policy circles, with its proponents claiming that, through technological and managerial innovations ranging from geo-engineering to improved efficiency, the dangers of climate change caused by 'old' industrialisation can be averted while still delivering economic growth and prosperity in both the developed and developing worlds. Such claims, however, have so far received little in the way of critical analysis or scrutiny. Green Growth sets out to remedy that. Bringing together leading figures in academia, environmental policy, economics and political economy, it explores the emergence and purpose of green growth strategies by placing them firmly in their political and ideological context. Bringing together a variety of critical voices in assessing the impact and viability of green growth policies through case studies covering the West, Asia, Latin America and beyond it proactively asks a number of questions Why green growth? What sort of society is organized around it, and to what purpose? Can green growth truly lead us to a more sustainable society in a finite world? This highly original volume...
