

Buddha and Jesus: Could Solomon Be the Missing Link? (Paperback)

Filesize: 5.47 MB

Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

(Mr. Rafael Hoeger)

BUDDHA AND JESUS: COULD SOLOMON BE THE MISSING LINK? (PAPERBACK)

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 155 mm. Language: English . Brand New Book. Why does Buddhism resonate with many westerners? Was it truly the brainchild of Buddha? Or did it arise from his brilliant synthesis of two very different religions, one Eastern and one Western? How does Buddhism compare with Judaism and Christianity, point by important point? Are these religions somehow interconnected? This book tackles all these fascinating issues. This book explores the hypothesis that Buddha may have grafted the teachings of Solomon, a world-famous Middle Eastern king who lived 400 years earlier, onto portions of a protest movement against Hinduism (Jainism). Solomon s ideas may have provided the context for the realizations that led to Buddha s enlightenment, becoming the primary source of his new Middle Way and a compelling new religion. The extent of interconnection between all these religions could easily have been dramatic and breathtaking. This hypothesis could help explain numerous similarities between the teachings of Jesus (AD 30) and Buddha (525 BC). Simply put, they both were significantly influenced by their mutual predecessor, Solomon (950 BC). Even if the Solomon-Buddha hypothesis is incorrect, looking at Buddhism through this lens can help those with a Judeo-Christian background to more readily grasp Buddhism. A simple, four-step process of transitioning from Solomon to Buddha is detailed. Fourteen types of evidence supporting the plausibility of the book s hypothesis are presented. Seven are comparative. Over 100 direct comparisons of very similar proverbs of Buddha and Solomon are reviewed. These are grouped topically and touch on every key aspect of Buddhism. In addition, seven types of historical evidence are detailed. For example, the first colony of Jews settled in India around the time of Buddha s birth. Perhaps Buddha interacted with one of these settlers. An...
