Brand New Book ***** Print on Demand *****.Excerpt from Who Invented the Reaper?: An Answer to the Protest Statement Said to Have Been Filed at the Treasury Department This Protest was recently published anonymously. It undertakes to prove that Hussey invented the reaper, and therefore the picture of Cyrus H. McCormick should not be put on a new banknote. The Protest, as published, was prefaced by the statement that it was prepared by the representatives of the manufacturers of harvesting machines, and that The opportunity will at last be presented to settle the question forever. Let any who are interested in this subject read the facts herewith given and judge for themselves as to the merits of the case. The question is not. Who first had an idea that it would be desirable to reap by machinery? but Who made the first machine that worked successfully? A flying machine that could carry passengers to New York in five hours would be a great invention. Many have planned and built and patented flying machines, yet no one has produced a successful one, and the man...
